Limitations and Areas for Improvement

1. Overloading on Certain Days

- Some exam days may have multiple subjects scheduled, which can lead to candidate stress, especially for students taking numerous subjects.
- Possible solution: spread out high-volume subject exams over more days.

2. Limited Flexibility

- The fixed timetable offers little room for rescheduling in case of emergencies or unforeseen circumstances.
- Incorporating contingency days or flexible slots could enhance resilience.

3. Potential Clashes with External Commitments

- Students involved in co-curricular activities or part-time work may find scheduling conflicts, especially if exams are scheduled close together.

4. Lack of Detailed Guidance for Candidates

- The timetable alone does not include information on exam day protocols, venue details, or preparatory tips, which are crucial for candidate success.
- Supplementing the timetable with student guides would be beneficial.
